

CTA Rules

Sea Moss 16-in-1 Gummies — mandatory on every sales video.

No CTA structure = no payout. Read it before you record.

Every sales video follows the 4 steps below, in this exact order. Videos that don't follow it are not eligible for commission.

THE ORDER

- 1 PRODUCT ON SCREEN**
 Bottle held still, label readable, nothing covering it.
 The product has to stay visible while you say the name. No cutting away, no hiding it.
- 2 AMAZON — COMES FIRST**
 "Search **Natural Rems Sea Moss** on Amazon."
 Say the name slowly and in full. Never just "search sea moss," never "this brand."
- 3 LINK — COMES AFTER**
 "Or you can also find the link in my bio."
 On Facebook: "below." The link is never said before Amazon.
- 4 CLOSE THE CTA**
 No going back, no repeating the link, no offering alternatives.
 The sequence ends here. Anything extra breaks the order.

OPTIONAL

"Comment MOSS and I'll send you the link."

WHY THE ORDER MATTERS

This structure is what pushes our Amazon rank and sustains the commission model. It's what lets us pay what we pay.

EXAMPLE

✗ WRONG

"Click the link pinned in the comments, or the link in my profile. If you're on Facebook, the link's right below. And if you can't find it in any of those, just search Natural Rems Sea Moss on Amazon."

Every element is there. It still doesn't get paid — the order is inverted.

✓ RIGHT

"Search Natural Rems Sea Moss on Amazon. Or you can also find the link in my bio."

Amazon first, bottle on screen. Link after.

WHAT KILLS THE VIDEO

Link said before Amazon · product hidden or cut away mid-CTA · brand name incomplete or rushed · steps reordered or skipped · cure / treat / guaranteed-result claims · naming drugs or competitor brands.

EXCEPTIONS

ManyChat growth and shortform have their own CTA — use the one you were given for that placement. Compliance rules apply to every post, no exceptions.
